EXPERIENCE

Teaching Assistant, University of Delaware CISC Department, August 2022-Current

Newark, Delaware

- Provide students with help to learn and master concepts in computer science through lectures, and one-on-one teaching.
- Manage project and assignment grades for a cohort of my own students.
- Proctor midterm and final exams for students in need of Disability Support Services.
- Hold office hours to support students with extra help needed outside of the classroom.

Camp Counselor, Florham Park Day Camp, June 2019-August 2019

Florham Park, NJ

- Arranged and participated in activities to provide a fun and active summer experience for campers.
- Took on a leadership role.
- Individually supervised several groups of children.
- Built interpersonal relations with coworkers to solve problems and create new ideas.
